Document Index

Start here: what each document is, which English file each Taglish file was translated from, and what to fill in

All documents are for ConnectEd Kids Therapy Center's free NBO observation program. Version v1.0, 2026-11-05. Each Taglish file is a reading aid for the English file named beside it, so you always know which English form it came from. Parents sign the English consent forms; the Taglish versions are read aloud or read by the parent, and are not signed.

Contents

#	Document	For	English file	Taglish file and its source
01	Letter to Referring Professionals	Referring professionals	01_Letter_to_Referring_Professionals_EN.docx	01_Letter_to_Referring_Professionals_Taglish.docx (translated from 01_Letter_to_Referring_Professionals_EN)

[COLLEAGUE'S NAME AND TITLE]	1
[PETSA]	1
[PANGALAN AT TITULO NG KASAMAHAN]	1
[MENTOR NAME AND EMAIL]	1
[X]	1

Suggested order of use

1. Fill in the highlighted items (visit location, visit length, retention period, secure storage, mentor email in the tracker). No practitioner name goes on any family or public document; the documents say “a licensed practitioner.”
2. Post the poster and captions (04b). Use 01 to 04 for letters and longer recruiting.
3. When a family replies, send 05, 06, 07, and 08. Book the visit.
4. At the visit, go over 10, 11, and 12 with the family. Read the Taglish reading aid aloud if helpful. The parent and the practitioner sign the English forms. Use 13 for the family’s information.
5. During the visit use 15 (script), and 09 as the parent’s walk-through. Complete the official NBO Recording Form, Parent Summary, and Narrative.
6. After the visit: 14 (feedback), 16 (tracker), 17 (recording protocol). Keep 18 (certification checklist) beside you.
