Newborn at home? Get to know your baby, together. 👶🤍

ConnectEd Kids Therapy Center is offering **free one-to-one newborn observation visits** for parents of babies from birth to about 3 months.

A licensed practitioner who is training in the Newborn Behavioral Observations (NBO) will gently observe your baby *with you*: what your baby likes, how your baby calms, and what your baby is telling you through behavior.

You will:
✔️ See your baby's strengths and cues
✔️ Hear what you are already doing well
✔️ Get ideas that fit your baby
✔️ Take home a Parent Summary written "in your baby's voice"

It is free, relaxed, and judgment-free, and you stay with your baby the whole time. It is not a class, a test, or a medical check-up.

🗓️ **Available times**
• Fri, Nov 13: 12:00 to 2:00 PM
• Sat, Nov 14: 9:00 to 11:00 AM
• Mon, Nov 16: 10:00 AM to [2:00 or 3:00] PM
📍 [LOCATION]

Slots are limited. 📩 Message us or call 0906 845 4274 to reserve, or to ask your questions first.

May newborn sa bahay? Kilalanin ang inyong baby, magkasama. 👶🤍

Nag-aalok ang ConnectEd Kids Therapy Center ng **libreng one-to-one newborn observation visits** para sa mga magulang ng baby mula pagkapanganak hanggang humigit-kumulang 3 buwan.

Isang licensed practitioner na nagsasanay sa Newborn Behavioral Observations (NBO) ang banayad na mag-oobserba sa inyong baby *kasama kayo*: ang gusto ng baby, paano siya kumakalma, at ang sinasabi niya sa inyo sa pamamagitan ng behavior.

Makikita at makukuha ninyo:
✔️ Ang lakas at cues ng baby
✔️ Ang mga nagagawa na ninyong tama
✔️ Mga ideyang akma sa inyong baby
✔️ Isang Parent Summary na isinulat "sa boses ng inyong baby"

Libre, relaxed, at walang paghuhusga, at kasama ninyo ang baby sa buong oras. Hindi ito class, test, o medical check-up.

🗓️ **Mga available na oras**
• Biy, Nob 13: 12:00 hanggang 2:00 PM
• Sab, Nob 14: 9:00 hanggang 11:00 AM
• Lun, Nob 16: 10:00 AM hanggang [2:00 o 3:00] PM

4. Design brief

Item	Specification
Formats	Feed post 1080 x 1350 px (4:5). Story or reel cover 1080 x 1920 px (9:16). Square 1080 x 1080 px if needed.
Image	**Illustration only.** A parent's hands gently holding a newborn's hand. No photographs of real babies or families.
Mood	Warm, calm, caring, family-oriented. Soft pastel colors. Plenty of white space.
Colors and logo	Use the ConnectEd Kids Therapy Center logo and brand colors if you have them. Keep a clear space for the logo.
Text hierarchy	1) Headline. 2) Available times box (largest after the headline). 3) Benefits. 4) How to reserve. 5) Small print.
Readability	Large friendly sans-serif font. High contrast between text and background. Keep the small print readable (at least about 28 px on a 1080 px poster).
Avoid	Stethoscopes, hospital or clinic imagery, charts, and words such as "assessment," "test," "screening," "therapy," and "treatment." Do not suggest a medical examination. Do not show or name the practitioner.

5. Copy-and-paste AI prompts

AI image tools often misspell or change words. Safest: generate the illustration with Prompt A, then add the text yourself in Canva. Prompt B asks for a full poster; check every word before posting.

Prompt A: illustration only

> Soft, warm flat illustration for a social media poster background: a parent's hands gently cradling a newborn baby's tiny hand. Calm, caring mood. Gentle pastel colors (soft teal, warm peach, cream). Simple, minimalist shapes. Lots of empty space at the top and bottom for text. Vertical 4:5 ratio. No text, no letters, no faces, no medical equipment, not photorealistic.

Prompt B: full poster with the exact text

> Create a vertical 4:5 social media poster (1080 x 1350 px) in a soft, warm flat-illustration style (pastel teal, peach, cream) showing a parent's hands gently holding a newborn's hand. Use clear, large, friendly sans-serif text. Use EXACTLY the text below. Do not add, change, translate, or misspell any word. Layout: headline at the top; illustration in the middle; the available times in a clearly separated box; contact details at the bottom; small print at the very bottom. No photographs, no faces, no medical symbols, no stethoscopes, no hospital imagery.
